Tools → Git, GitHub
Cloud & DevOps training → AWS, Docker, Jenkins, CI/CD, Terraform, Ansible, Kubernetes

WORK EXPERIENCE

Junior Software Support Engineer
Ferax Technologies | Chaganacherry
February 2025 – January 2026

→ Provided technical support for web applications, diagnosing and resolving software issues
→ Assisted in debugging and troubleshooting Python/Django-based applications
→ Monitored system performance and ensured smooth application functionality
→ Handled user queries and provided timely resolutions to improve user experience
→ Collaborated with development teams to report bugs and support issue resolution
→ Maintained documentation of issues, fixes, and support process

PROJECT EXPERIENCE

1. Quickora Company Website
Technologies: Python, Django, HTML, CSS, JavaScript, Bootstrap, SQLite

- Designed and developed a website for Quickora, presenting the company's services and information in a clear, responsive layout. quickora-website

2. MedLab Blood Bank & Laboratory Management System
Technologies: Python, Django, HTML, CSS, JavaScript, Bootstrap, SQLite

- Developed and deployed a full-stack web application for blood bank and laboratory operations, including donor engagement, inventory management, and database-backed workflows. medlabbloodbank

3. Personal Portfolio Website
Technologies: React, JavaScript, HTML, CSS

- Designed and developed a responsive portfolio showcasing my development projects, QA skills, and software support experience. portfolioadhila.netlify.app

EDUCATION

MCA | Amal Jyothi College of Engineering, Kottayam (KTU) | 8.79 | 2019 – 2024 Senior

Secondary (CBSE) St. Joseph's Public School, Kottayam | 71.4% | 2018 – 2019

INTERNSHIPS & TRAINING

AWS DevOps Advanced (Online) 5 month - Ongoing

Software Testing Training, STC Technologies, Kochi (95 Days – 2024)

Python Django Internship Techmindz, Infopark, Kochi (15 Days – 2023)

Advanced Python with AI Training iDTech Technologies, Kochi (2022)

CERTIFICATIONS

• Microsoft Azure Fundamentals (2023)

• Microsoft Azure Data Fundamentals (2023)

• NPTEL – Database Management Systems (57%)

• Scrum Fundamentals Certified (2022)

ACHIEVEMENTS

• Manager's Excellence Award – 6 times

• Principal's Excellence Award – 2 times
